IN MEMORIAM.

The following beautiful tribute to the Martyr President has been but recently published in this country, and is well deserving a place among the choicest memorials to the Martyr Lincoln. It was written by the late Rev. J. M. Neale, Warden of Sackville College, England, and one of the Old Country's sweetest poets:

APRIL 14, 1865.

There must, in every cause, be some first Martyr
To suffer and to fall;
There must be also those content to barter
Their victory for their all.

And now it was so. He whose wisdom guarded
Their fear amidst distress;
He, whose dear succor so oft awarded
Great help to great success.

He, who to risk himself so long forbidden
Against the rebel foe,
Was, in the hour of victory warned, that hidden
Murderers might lay him low.

He, fully prescient of that utter danger,
Went forth in all his state:
And she, to that same peril not a stranger,
Stood by to share his fate.

He fell—when could he better fall?—most glorious
After the end of strife:
He fell—when could he better fall?—victorious:
The work done of his life.

Weep not for him; there is small cause for weeping:
He is but laid to rest.
Who, after such long trouble, is but sleeping
Upon a heavenly breast.

Rebellion so crushed out, that they who feel it,
Are gnawing their heart's core:
It was, perchance, but meet his blood should seal it,
Whose name lives ever more.

He never can, in this world, see the vision
He hoped of peace and love;
But who can tell his more complete fruition
Of that same peace above?

INDIAN OUTBREAK.—We gather the following particulars of a late Indian outrage from the Idaho *Statesman* of March 20th:

We are compelled to recite another attack of the Indians upon the Owyhee stage. Mr. Wm. Sanford, who lives at Fruit's Ferry, came over from there yesterday, arriving here about five o'clock, and furnishes us the following particulars: Yesterday about noon the stage was coming over from Silver with four passengers, named Pomeroy, Bennett, Ullman, and another whose name we did not learn, and Younger, the driver. When just at the foot of the hill, very near the spot where McCoy was killed last summer, they were fired upon by a band of Indians. Younger was shot at the first volley, having his arm broken and a wound in the right side. He fell into the boot, when Pomeroy, who was on the seat with him, took the reins and drove the team down the canyon as fast as possible, the Indians pursuing and firing. Near the foot of the canyon, almost on the level road, one of the lead horses fell. The other broke loose from the team and got away. Ullman and another started for the ferry afoot, while Pomeroy and Bennett tried to get the team in condition to drive again; but the Indians coming near enough to fire at them again, Bennett mounted one of the remaining horses and Pomeroy the other, the latter taking Younger on behind him, and started for the ferry. Before going far Younger complained that he could not ride, and asked to be left in the sage-brush. Pomeroy encouraged him to hold on, but it soon became apparent that he could not ride, and riding a few yards out on one side of the road, Younger was left. Pomeroy soon overtook one of the footmen, who being lame, he took on the horse behind him. They soon after passed Ullman, who said that he could run no longer.—The Indians were then firing at them, still in pursuit. On arriving at the ferry, seven men were in a few minutes mounted and started back to rescue those left behind. Mr. Sanford very soon after started for Boise City, but up to the time he left there was nothing more learned from Ullman or Younger. What their fate was is therefore uncertain. Pomeroy said that he counted eight Indians at once, but the firing at the first attack seemed to indicate a much greater number. Two or three more men could have been sent out from the ferry, but there were no horses to mount them. The place of the attack is about five miles from the ferry, and they drove the stage about a mile before the team fell. Haley, Greathouse & Co. sent over a buggy last night after the wounded men.

THE following letter from General Thomas declining to be a candidate for the Presidency is sufficiently plain to explain itself:

LOUISVILLE, March 4th, 1867—DEAR SIR:—Feeling that you were actuated by friendly motives when you introduced the resolutions in the Union Convention of the 22d ult., at Nashville, nominating me as the choice of the Union men of Tennessee for next President of the United States, I have felt free to acknwledge my high appreciation of your friendship as well as of the complimentary manner in which the resolution was conceived and adopted by the Convention. But, being fully aware of my disqualification for the high and responsible office for which I find myself nominated so unexpectedly, I cannot think for one moment of allowing my name to be used in connection therewith. Having been educated as a soldier, and served for many years in the army, I am better qualified to continue my duties as a citizen of the United States in that department of the Government than in any other. I therefore have to request that you will make known my sentiments in the matter to the citizens of Tennessee.

I remain, truly yours,
GEO. H. THOMAS.

RUSSIA THE MOST LIBERAL NATION IN EUROPE.—The Emperor of Russia has done more for freedom and equality than any living man. Not only has he emancipated 23,000,000 of serfs, but has begun a system of universal education which is rapidly advancing them in learning. They are also given three acres of land each, and made voters for Justices of the Peace in the country, and municipal officers in the towns. Russia is to-day nearer universal suffrage by far than England.

THINK OF IT.—We copy the following paragraph from the oration delivered by S. B. Axtell, of San Francisco, before the Fenians at their late celebration on the 17th of March. The enunciation would be equally applicable to our Democratic friends who are making so great a noise in opposition to the late Reconstruction law and must have been a scathing rebuke to the majority of the Brotherhood whose known predilections are in favor of the latter-day Democracy as well as antipathy to everything in the shape of liberty outside of their own church:

I throw out this as a test to all of you: he who will not acknowledge or recognize the rights of others to freedom—who will demand it for Irishmen, but not for negroes or Chinamen, is not a true man; he alone who accords to every human being the rights he claims himself, and accords them independently of any personal interest he may have in the matter, is a true man, and worthy to be followed.

TERRIBLE ACCIDENT.—The Marysville North *Californian* of the 1st instant relates the following distressing account whereby a mother and four children were burned to death. The accident occurred in Colusa county, about seven miles from Yuba city: "Sometime during the night the high winds blew down the house, crushing all beneath. A coal-oil lamp that had been left burning, was broken and set fire to the building. Mr. Hogin succeeded in extricating himself from the mass of rubbish and broken timbers. He was much bruised about the head and arms, but fortunately no bones were broken. He immediately set himself so work to rescue his wife and children, but the flames spread so fast he was compelled to leave the unfortunates who were bound by the broken timbers, to their fate. The nearest neighbors were three miles, so that the fate of the family was certain. Mr. Hogin stood by and saw his family devoured by the consuming flames.

CALIFORNIA MILL.—The millof the Eagle Company, on the California ledge, situated half a mile from town, was started up for regular work on Saturday last. The company commenced operations on this ledge about the 20th of April last since which time splendid hoisting works and mill have been erected, and the mine opened by incline and tunnels for a distance of over four hundred feet.—They have out now, to commence on, between three and four hundred tons of rock, and they expect to make their first clean-up in about one year from the time they "broke ground." The mill has ten stamps, and the pulp, after leaving the batteries, runs over galvanized copper plates, arranged in the most approved style, after which the sulphurets are concentrated by means of five Bradford ore separators. There are no pans or other amalgamating machinery, the intention being to collect the free gold on the copper plates, and work the sulphurets by chlorinizing or some other effective process.—*Meadow Lake Sun.*

A CURIOUS RUMOR.—The Denver News says, that there is a curious rumor from the mountains, by a gentleman just down, that a remarkable pocket or cavity has just been found in one of the mines near Gregory Point, the walls of which are absolutely lined or plated with gold. Its informant has seen a small specimen from it which was valued at $200.—The discoverers seem to be keeping it a secret.—Mining operations were retarded somewhat by unfavorable weather, yet good results are reported from the different lodes. One week's shipment of gold dust amounted to 867 ounces.

LOCATION AND DESCRIPTION OF HELL.—Rev. J. Furniss, of London, has lately issued a tract on "Hell," which gives more definite information than has heretofore been obtained on the subject. He states, among other items, that hell is 4,000 miles from the surface of the earth; it is a boundless plain of red hot iron, with an atmosphere of fire and rivers of seething filth and sulphur. The book is especially intended "for children and young people, who are often lost for want of being early smitten by terror."

KILLED.—A dispatch from Weaverville, April 4th says: R. L. Thomas has just arrived from Lower Trinity, bringing intelligence that on Sunday morning, the 31st ult., Robt. E. Stockton, Indian Agent at Hoopa Valley, Jas. Latham, Wm. Griffin, and Isaac Stover were killed, two miles above Willow Creek, by an Indian known as "Frank," a desperate character who had left the Reservation. The four men were killed while attempting to arrest him. Mr. Stockton is a brother-in-law of Senator Conness.

SEMI-WEKELY ENQUIRER.

WEDNESDAY, APRIL 10, 1867.

A STUPENDOUS MARE'S NEST.

The Sacramento *Union* of the 5th instant utters an immense amount of bosh about a pretended combination which it has unearthed. And it is difficult to decide which is most manifest, the real motive of the writer (a capper for Bidwell) or the bald ignorance and stupidity of the article. Gorham and Pixley in cahoots with each other and Conness, is pretty good for a man that knows anything of either, but Redding and Stratton steering the fight is the climax of absurdity. If there are two men in the Union ranks who could never by any possible combination of forces be got to act together those two men are Redding and Stratton. And then the Pacific Railroad and the Bank of California back the concern! If the craziest Bedlamite could concoct a more ridiculous fabrication or dip out of the "filthy pool" of his own muddled brain a cup-full of slime with less of pure ingredients in it we should like to see it. There has been abundant rumors from the East for some time past that Conness and Bidwell have made a combination, and there are a thousand probabilities in its favor to one of such as the *Union* imagines. The whole spirit and tone of the piece alluded to is on a par with its statements. It is of that order of dirt-flinging in the assumed interest of virtue which disgusts all pure and right thinking men. Virtue is not a blackguard, but vice is; and though she attempts "to steal the livery of heaven to serve the devil in," the blindest can see the cloven foot sticking through. There are legitimate ways of helping candidates, but such stupid, if not malignant utterances as those of the *Union* can only plague the inventor.

The above was written on the arrival of the mail last Friday, and was intended for Saturday's issue, but was crowded out; since then Mr. Stratton has most emphatically, over his own name, denied all charged upon him, averring exactly what we have stated about his relations with Redding, and more than we said as to his attitude toward Conness. We suppose all the others would do the same as to the combination did they think it worth the ink, paper and time. Any arrangement made between the candidates for the offices of Governor and United Staees Senator at this time would be fatal to both aspirants. No man will charge Gorham or Pixley with being fools whatever else they may be pleased to say of them; neither of them, we opine, will undertake to carry such a load as John Conness will very likely prove to be. Each is doing his best to secure the vote of San Francisco for himself; so is Fay; and so will Bidwell the moment he lands. Those people who think that no man should exert himself to secure the nomination for Governor, and will not support one who does, will be obliged to hunt up some other man than John Bidwell, who has been an inveterate office seeker, first in the Democratic party, and then in the Union party. He was a candidate for delegate to the Charleston Convention that nominated Breckinridge, and was there; and when the Convention split, he gave his proxy to Major Hensley who was not present when Breckinridge and Lane received the nominations, although his name is on the list as Bidwell's proxy. He was then a candidate for Governor before the Convention that nominated Conness. He was before the Union State Convention as delegate to Baltimore, this he also obtained and voted for Lincoln and Johnson. Then he was a candidate for Congress, and now he is a candidate for Governor. We find no fault with all this, but some men who talk about place-hunters and politicians profess to support only those who are not office-seekers, when in fact they support no one else. The writer of the article in the *Union* is one of those pseudo patriots who thinks all who go with him are *people*, and all others politicians, his kind are patriots and all others place-hunters. Further comment is unnecessary.

THEATER.—The Dutch Amateur Dramatists purpose giving one of their pleasing entertainments to-morrow evening, on which occasion will be presented the historic drama of William Tell, the Patriot of Switzerland, and the amusing afterpiece of Who Speaks First? The company have had the first piece in rehearsal for several weeks, and those who have been permitted to witness the dress rehearsals report a rare perfection of the actors in their several parts. As we are now entirely dependent upon the Dramatists for our Thespian representations we hope the public will bestow upon them every encouragement.

THE TRUE DOCTRINE.—The *Alta California* has an able leader on "the absurdities of the old, and consistency of the new plan of reconstruction," in which the ground is taken that the aid of the so-called Southern States was not necessary to amend the Constitution of the United States. And that now they are invited to ratify the amendment abolishing slavery, only to show their loyalty, and not to make it valid and binding. We have never been safe to keep slavery dead till the present plan was adopted.

MORE IMPROVEMENTS.—About 4 o'clock Monday afternoon the directors of the Dutch Flat and Little York wagon road concluded to change the grade from the big pine tree on this side, down to the crossing of Bear river. It would involve an additional expense of $500; in ten hours the whole amount was raised, and Mr. Polley instructed to open on the new line on Tuesday morning. This is the way public spirited people make progress in mending their ways.

NOBLE.—At no time since the settlement of San Francisco by the Americans have the people of that city been wanting in the nobler and finer qualities that make us proud to be classed as men. No worthy cause ever appeals to *her* people in vain! On Friday of last week the sum of *eleven thousand* dollars was collected in that city for the Southern Relief Fund, in two hours! A day or two after the fund was increased to $20,000.

COLFAX, April 9th, 1867.

MR. EDITOR:—Since I last wrote you we have had full and complete returns from the elections in the large and important States of Connecticut and Rhode Island. In one onr party has succeeded in gaining a glorious victory, in the other in sustaining a glorious defeat. We have had much newspaper comment thereon and a great deal has been said about a "change in the current," an "eddy in the tide," etc., etc., but to me it seems that we had votes enough in one State and not enough in the other, and that is about as rational a way to account for it as any other. Take both States together and they are not worth the talk and waste of breath spent over them, and for the future I don't know but what it would be a good plan to let out the contract to represent them to the lowest bidder for cash. It ought to be worth 2 50 a year, and I am sure Sumner or Conness would take the job at that price.

RUSSIA-AMERICA.

We have also heard something about our new purchase away up in the Russian possessions, where there are no frogs and snakes and ice lasts all the year round. Books for the taking of stock have been opened here, but up to the present writing our capitalists are not investing heavily. At first, several, acting under the influence of the Sacramento *Union*, thought of taking a foot or two, but subsequent reflection convinced them of their error and they withdrew their orders. We think here that Russia is stripping for a fight and we are not disposed to hold her cast off garments; at the same time we have no objection to Johnson and Seward's buying the country and emigrating there, too, if they feel disposed.

ON HIS OWN HOOK.

I spoke last week of some of our candidates. This week I have to make additional announcements. I am glad of it, for it is an evidence of thriftiness and prosperity in the town. One of these is Chas. Beals, of Beals' Ranch (this is to distinguish him from Beals, the teamster) who is a candidate for Road Commissioner of this District. He runs independent, on his wind and bottom, subject to no dispensations of Providence as it is manifested now-a-days through cliques and conventions. He is one of our oldest citizens, of lawful age, sound mentally, physically and politically, and would prove, if elected, an effective and efficient officer. Among the many reasons advanced for supporting him, it is said, that the necessity for good roads to accommodate the trade springing up from his extensive ranch business—coupling private with public interest—would cause him to see that the road money is well and judiciously expended. He will receive, and deservedly too, almost the unanimous vote of this precinct. The same unanimity however, will not extend to the other candidate (and I regret it too,) that I have to announce. This is our fellow-citizen P. H. Sibley, who will trot, lope or gallop, as may be required, over the course for County Judge. This will also be an independent "sweepstake," free for all competition. It is with him like my friend Beals, "neck or nothing," for he will certainly "go through." I feel disposed to back him for this race, for on former trials he has shown considerable "speed" and any amount of endurance, and by proper training will prove a good "brusher" and a dangerous competitor for the field.

MINING.

My notice of the Cape Horn mines has already given them more than ordinary attention. A number of capitalists have visited them, and I learn feel a lively interest therein. I know of no definite arrangements, but rumor, which you know is always busy, says that negotiations are on foot for a change of ownership and the erection of extensive works are to be erected on the Mountain View mine. The Colfax lode is being worked night and day, and the owners propose to send twenty or thirty tons in a few days to the Pino Mill for crushing. I am told that if the yield proves satisfactory, that that mill, now owned by Mr. Sisson, will at once be removed and put up on the Colfax ground. The pressure of business and my necessary absence from town, precludes me from giving you my usual amount of news. In my next I shall endeavor to make amends. Yours,

OCCASIONAL.

THE DIEFERENCE.—Missouri and Tennessee boldly and firmly disfranchised rebels, and behold the result, Union men are safe, or fast becoming so, and a solid basis of peace and prosperity is laid for the future. Those States do not need reconstruction, all they have to do is to grow and flourish, and this they will most certainly do. Real estate has already doubled in value, and business is reviving, and emigrants fast settling and entering upon the land and progress and improvement are on the march. There is no starvation in the Union regions of those States, and now the word comes that Tennessee will send a full delegation of Radicals to Congress at the next election. On the other hand Maryland allowed the rebels to vote, and to-day her suffering citizens are appealing to the National Government for help to secure their rights and protect their lives and property. Let the work be done thoroughly. Men who have tried to ruin the Government will never get over it; must keep up their evil deeds and bad temper.

SUPPER.—We are pleased to be able to announce to the public that the friends of the Rev. P. Y. Cool, will give a supper for that gentleman's benefit to-morrow evening, at the National Hotel, from 9½ to 11 o'clock, P. M. This gentlemen has been confined to the house for some time, and it is particularly desired that all who can, will attend. Super, for lady and gentleman, $2 50.

NEW ROAD.—It is reported that General Connor will shortly endeavor to open a road from Aurora, Nev., to the Pahranagat mines, to take goods from Stockton via of Sonora on a good road they profess to have already to Aurora. They will find it an up hill business. But let them go ahead, the more good ways through this State and Nevada the better.

LETTER FROM YOU BET.

YOU BET, April 6th, 1867.

MR. EDITOR:—The cause of my not sending you an item last week is an evil which attend all great men—laziness—only mine may be a more genuine article than is usually found. I have but little to do, and it appears to give me an inclination to do less.

You Bet, not to be outdone by her sister town Nevada, in "things strange and curious" had a Chinese wedding on last Thursday night, in the most approved American style. "Sam Hobbs" who has patiently borne the numberless denunciations from dissatisfied boarders for the last two years, and who, in consideration of his heroic patience, regard himself as chief proprietor of the kitchen part of the Kennebec House, fell desperately in love with a Miss Ah How, a young lady from the Flowery Land, "chaste and beautiful." But the most perplexing thing to Sam's untutored mind was, how to proceed in the matter. After long and careful consultations with his most reliable "'Melican" friends, who gave him all the legal advice required in the matter, he started post haste, by horse, for Nevada (the stage being in Sam's opinion too slow a coach on such important business,) to obtain the necessary documents from our county officials, which would entitle him to become a slave to matrimonial bondage. Sam could not endure the thought to have the ceremony for the happy occasion deferred one day; therefore he brought with him on his return from Nevada, Judge R. McGoun, of Red Dog, to tie the knot which was to make him happy—or miserable—in his future days. Sam is quite a favorite among the people of You Bet. Everybody likes Sam, and Sam, in turn, likes everybody. Therefore a lively interest was manifested to have the wedding come off. Accordingly, at 7 o'clock on Thursday evening Sam and his blushing bride, in company with the Justice, repaired to Armory Hall, which was soon filled to overflowing by the many anxious spectators who were eager to witness and hear the ceremony performed. Deputy Sheriff Potter, of Nevada, graced the audience with his jolly presence, and who, by the way has a happy faculty of interfering with and adjusting other people's business, arranged the happy but somewhat confused couple in a proper "posish" before the magistrate, when they were duly "tied up" according to our American Laws. The worthy Judge was rather brief in his remarks, simply asking the questions and pronouncing them "man and wife." The Judge has done a good business in this line the last few years among his own race, but when he stood before the manly stature and queenly figure of Sam and his bride, his courage failed, and to make short, quick work of it was his only show for relief. Sam, the happy dog, is overjoyed at his success of being married according to the white man's plan. Sam says "heap likee; heap all same 'Melican man." Well, all I can say is good luck to Sam, and may he be blessed with numberless little "Sam Hobbs" to comfort him in his declining years.

Snow fell here on Friday night three inches deep. The weather is cold, cloudy and wind in the North. Such cold weather and such a late season has never been known in these parts, not even by that oft mentioned individual the "oldest inhabitant."

Some seven or eight hydraulic claims are constantly running now, and so soon as the weather moderates many more will be set in operation. All the hydraulic miners anticipate a rich harvest this season from the fact that water will be plenty and last the entire season, and they always find it more profitable to work their claims in the summer months when they can obtain water.

MEADOW LAKE ITEMS.—Snow at Meadow Lake is said to be twenty feet deep but settling very fast. Sexton, the indefatigable, has just broken the trail from Cisco to the Lake, and expresses himself determind to keep it open; carrying freight, express and mail daily. The following we get from the *Sun* of last Saturday:

The Kentucky Mining Company has filed its certificate of incorporation in the County Clerk's office. Stock $150,000; principal place of business, Meadow Lake; Trustees, S. H. Mather, S. M. Jamison, Henry K. Mitchell The Company is organized for the purpose of mining for gold and silver in the Excelsior District.

On Thursday last we were treated to another of those Meadow Lake specialities, a snow-shoe race. The Judges having been chosen, Messrs. Flood, White, Stille, Norton and Johnson, acting as such, the runners, ten in number, Messrs. Johnson, Knapp, Rathburn, Loyd, Pritchard, Rosenberg, Mann, Dimmock, Washburn and Jacoby, were divided into squads, Jackson, Rosenberg, and Washburn winning in their respective divisions. The deciding race was won by R. M. Jackson in eleven seconds. The prize was a one hundred pound sack of flour offered by Messrs. Smith and Perkins.

As we go to press, the clouds are spitting their little white-winged messengers down upon us. It has snowed so much up here this Winter, that the Storm-God has learned the road to our country so perfectly, that he can now send us a storm with less than ten minutes warning.

It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Hartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co., is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

"Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invalnable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by DR. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and trouhled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently reduce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated success fully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,

SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Foreboding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal Emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope [illegible] derable sum of money.

I wish [illegible] that you are the sixth Doctor I have [illegible] and the only one that has ever done [illegible] me. My Gleet is wholly cured, the Stricture [illegible] removed, and my general health is better [illegible] has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them."

I am, Doctor, very truly yours,

L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs, beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
